

Application No. 10/823,671

## **REMARKS**

### **Claim Rejections**

The Examiner has indicated in the Office Action that the application is in condition for allowance except for informalities as objected to claims 1-5, for example: in claim 1 "and being characterized that" should read "comprising", "of a fan" should read "of the fan", "locating of a flexible ring" should read "locating notches of the flexible ring" etc; in claim 3 the recitation of "to have dimensions same" should read "to have dimensions the same"; and in claim 5 the recitation of "in an interior of computer, electronic and electromechanical products" should read "in an interior of the computer". By amendments, applicant has amended the claims as suggested by the examiner in order to overcome the objection.

### **Drawings**

It is noted that no Patent Drawing Review (Form PTO-948) was received with the outstanding Office Action. Thus, applicant must assume that the drawings are acceptable as filed.

### **Amendments to the Claims**

Claims 1-5 are objected to because of the informalities as indicated in the Detailed Action. The examiner has indicated that claims 1-5 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112 2<sup>nd</sup> paragraph, set forth in this Office Action.

Application No. 10/823,671
